Flores, one of Indonesia's most unspoilt islands, offers a natural environment conducive to superb trekking. You'll meet many tribes with traditions dating back thousands of years. Animist practices are still practised, for example, in the Kelimutu volcano region, and the Ngada villages are reputed to be the most traditional on the island. Manggarai is also the most fertile region, where the locals once lived in vast circular houses.

You'll finish your trip in the Komodo archipelago, with its picture-postcard seaside resorts. You'll also meet the famous dragon, an enormous varan that may be one of the last survivors of the dinosaur era!
